

Consensus Asset Master Advisory Committee Consensus Assessment Report

TIME⁺ Community (Council on Rotation):

On the Commission of you, and with your participation, on the basis of the appraisal, testing and organizational evaluation by the legal institutions, the Committee has supervised and evaluated the "Jade (Jade) Raw Stone", a community consensus asset of TIME⁺ Fourth Congress. The results are as follows:

Value point of time: January 10, 2020.

Value Type: This appraisal is for the TIME⁺ Fourth Meeting Community Consensus Asset "Jade (Jade) Stone". Value is the consensus value at the time of value.

The result of appraisal: The Committee follows the principle of appraisal, uses the comparative method and the income method to appraise according to the appraisal procedure, and on the basis of comprehensive analysis of the factors affecting the price of jadeite (jadeite), recognizes by consensus that the value of TIME⁺ Fourth Party Consensus assets at the point of value is 330 million to 400 million, and 330 million to 3 billion.

TIME⁺ Consensus Asset Masters Committee

Date: 10 January 2020
